

## Christopher R. SanGiovanni - Bio

Christopher R. San Giovanni is currently the Director Ground Safety at JetBlue Airways in NYC. Christopher developed the original Ground, Environmental, Health and Safety Programs for the airline shortly after its start-up. In his current role, he oversees the Ground Safety, Aircraft Cabin Safety, Aircraft Maintenance Safety, System Operations (SOC) Safety, Health and Safety, Injury Management and Reduction, Safety Quality, Communicable Disease / Pandemic Planning, Dangerous Goods, Environmental Services, ACAA Compliance (Passengers with Disabilities) for an airline with 200+ aircraft, in 90 cities across 17 countries and 16,000+ Crewmembers. He is a key part of the Senior Leadership Safety Management System (SMS) roll out team.

Christopher also has experience in the Maritime Industry as a Director of Safety and he was also in a Senior Leadership role with the second largest international Aviation Ground Handling Company where he had oversight of not only safety but security, operational training and quality assurance as the VP, Operational Support and Compliance, Americas. Christopher lives, works and plays in NYC with his wife and dog.
