Mr. Harrison Wolf, President, Wolf UAS LLC

Harrison Wolf is a leader in the field of Unmanned Aircraft System Safety & Risk Mitigation Strategies teaching at the University of Southern California, Aviation Safety & Security Program for the SMS for Remotely Pilot Aircraft (RPA) course.

Harrison is the President and Founder of Wolf UAS LLC; a UAS firm specializing in developing and maintaining ICAO/FAA compliant Safety Management Systems programs for UMS organizations.

He is the author of the first safety focused UAS textbook due out April 2017 entitled, "Drones: Safety Risk Management for the Next Evolution of Flight."

Harrison is a certified Expert in Aviation Safety & Security Issues from the USC Aviation Safety & Security Program where he spent 5 years developing UAS programs, courses, and research and is a 14 CFR Part 107 Remote Pilot in Command. He has over 500 documented UAS Flight Hours and happily flies with anyone who wants to join him in Palo Alto, California.
