

Mick Adams

Mick Adams is the Vice President MRO Services at Etihad Airways Engineering, Abu Dhabi, a part of the Etihad Aviation Group. In his current role, he is responsible for the delivery of Airframe Services, Component Services, Supply Chain and Design Engineering Solutions to Etihad Airways, its partners and third parties. Mick has more than three decades hands-on experience in aviation and leadership, including more than two decades at Monarch Aircraft Engineering Limited (MAEL) where he led the business to become the most successful third-party maintenance provider in the UK. Prior to Monarch, Mick worked in the business aviation sector for eight years with Harrods Aviation as the Technical Director and Operations Director. Mick is now applying his vast expertise and experience in business, commercial, military, test, and VIP aviation to Etihad Airways Engineering. Mick is a Fellow of the Royal Aeronautical Society, a board member of the International Federation of Airworthiness, and holds a business management diploma from Barnfield. His career's achievements and contributions to the aircraft and maintenance industry were recognized and awarded by the Royal Aeronautical Society, UK, in 2014.
