Make a Donation to Support the Next Generation

The Flight Safety Foundation Scholarship Fund was created in 2017, as part of the commemoration of the Foundation’s 70th anniversary, to provide necessary funds to students who are pursuing aviation-related degrees in the United States or internationally. Since December, the Foundation has raised enough money to provide \$6,000 scholarships to two students of Embry-Riddle Aeronautical University — Worldwide. These scholarships are being presented this summer, and we hope to continue to grow the scholarship fund so we can help more young people to pursue aviation-related careers.

If you are interested in making a contribution to the Flight Safety Foundation Scholarship Fund, please visit the donation table set up in the Silent Auction display area.

At the close of the auction, the winner of each prize will be the person who placed the highest bid. Prizes must be paid for onsite. Credit cards accepted are American Express, Visa, MasterCard, and Discover. Payment must be processed by a Flight Safety Foundation employee before taking ownership of the prize.
