## Safety

### 2018 NBAA Top Safety Focus Areas

Much like the NTSB's most wanted list, the NBAA Safety Committee has created a Top Safety Focus Areas list for 2018.

### NBAA Business Aviation Safety Survey

The 2016 National Business Aviation Association (NBAA) Safety Survey contains safety data from over 800 business aviation operators.

#### KEY SAFETY RESOURCES

- [NBAA Loss of Control-Inflight Resources](#)
- [Reducing Business Aviation Runway Excursions \(PDF\)](#)
- [Risk Management Guide for Single-Pilot Light Business Aircraft \(PDF\)](#)
- [Single-Pilot Operations](#)
- [Procedural Non-Compliance: Learning the Markers & Mitigating the Risks](#)

#### ADDITIONAL RESOURCES

### Safety Management Systems (SMS)

Through the use of safety management systems (SMS), business aircraft operators can proactively identify and manage risks. NBAA advocates that flight departments of all sizes implement a SMS for aircraft operations. [Learn more.](#)

### NBAA Safety Committee

The Safety Committee provides NBAA members with advice and guidance on all matters relating to the safe operation of aircraft. [Learn more.](#)

### NBAA Flying Safety Awards

The NBAA Flying Safety Awards recognize Member Companies for exceptional achievement in maintaining safe flying operations. Only Members
