

COVID-19 SAFETY PUNCH LIST— SAFETY ASPECTS OF REDUCTION/CESSATION OF OPERATIONS

Airports

People

- Consider skills, experience, knowledge and qualification distribution across shifts
 - Possible prolonged staff loss due to sickness
- Consider risk of airside staff complacency due to reduced ramp activity levels

Process

- Ensure accuracy, currency and timely transmission of NOTAMS
- Ensure continuation of active wildlife control measures
- Ensure sufficient provision of ground handling services such as toilet cleaning and galley replenishment
- Ensure that the airfield has a master parking plan and that standard and crisis level capacity are known
- Consider potential risk from blocked runway/taxiway due to parked aircraft

Technical

- Consider requirement to keep aerodrome facilities and services operational and certified
- Consider potential for surface damage from long-term parking of aircraft
