Session 3 – The COVID-19 Pandemic – Industry Lessons Learned 11:00 a.m. – 12:30 p.m. [0900 – 1030 UTC]	Throughout its history, the aviation industry has had to overcome obstacles and adapt to an ever-changing world, all while striving for the highest safety standards. Recent challenges continue to present us with new safety risks to manage without the benefit of clear investigative findings. This session discusses how we must still learn from our experiences. We will look at strategies for identifying and mitigating risks that threaten the existence of the industry from pandemic events. The discussion will also include how to adjust an organization to maintain command and control while maintaining safety and exploring opportunities to advance safety improvements. Presentations: <ul style="list-style-type: none"> • COVID-19 Operations: Challenges and Lessons Learned – Ms. Nancy Rockbrune, Head, Safety Management, International Air Transport Association (IATA) • Strengthening Resiliency: An Airport Industry Case Study During COVID-19 – Ms. Prisca Nkolo, Manager, Airport Operational Safety and Data Management, Airports Council International (ACI) • Challenges and Lessons Learned: An Airline Perspective – Mr. Gareth Lloyd Evans, Manager, Flight Operations Risk, Emirates Airline Moderated by Capt. Mark Burtonwood, FSF International Advisory Committee Member, and SVP Group Safety, Emirates Airline

Tuesday, October 20, 2020 (Paris, Johannesburg, Cairo, local time)

Agenda – Day Two

Session 4 – Safety Management

1:30 – 3:00 p.m.

[1130 – 1300 UTC]

Safety Management Systems (SMS) are the tools used around the world to improve performance. It is a systematic approach to managing safety, including the necessary organizational structures, accountabilities, policies, and procedures. This session covers how SMS can be applied throughout many different organizations.

Presentations:

- Tools to Assess Maintenance Safety Culture – For Do-It-Yourself Organizations – Dr. Bill Johnson, Chief Scientific and Technical Advisor, Maintenance Human Factors, FAA, and Dr. Kylie Key, Engineering Research Psychologist, FAA
- The Safety Record of Low-Cost Carriers Compared to Full-Service Airlines, and How It Might Differ Around the World – Dr. Peter Simpson, Global Head of Safety and Security, Standard Chartered Bank
- SMS Optimization – Capt. Paul Morell, Director of Business Development, ProSafeT

Moderated by Mr. Jason Ragogna, Flight Safety Foundation International Advisory Committee Member, and Director of Corporate Safety, Delta Air Lines
